THE COMPANY BEHIND THE CAR

Say hello to Dongfeng.

You may not know the name yet. Most of the world does. Dongfeng has built vehicles since 1969, employs around 127,000 people, and sits at number 188 on the Fortune Global 500, where it has appeared for more than twenty years running.

Close to 60 million Dongfeng vehicles have been built and sold, in more than 100 countries.

Dongfeng is new to Jamaica. Bert's is not.

Bert's has supplied this island with parts since 1988, roughly 120,000 of them. The first question anyone asks about an unfamiliar badge is whether they will get parts. That one is already answered.

Vehicle shown is the Dongfeng HUGO in white.

HIGHLIGHTS

The whole car, in eight lines.

150 kW and 305 Nm.

A 1.5 litre turbo with the output of a much larger engine, on a seven speed wet dual clutch.

1,910 mm wide, 2,825 mm wheelbase.

Dongfeng calls both class leading. You will call it room.

Nappa leather, 82 percent soft touch.

A ventilated six way power driver's seat with lumbar support.

Level 2 driver assistance.

Adaptive cruise, lane keeping and a 540 degree camera, from 22 sensors.

6.99 litres per 100 km.

About J\$1,780 of fuel every 100 km (E10-90 at J\$254.68 a litre, 7 September 2026), and around 740 km from the 52 litre tank.

1,606 litres of boot.

With the rear seats folded. A power tailgate that remembers your height.

A 1.17 square metre panoramic roof.

With a heat insulated sunblind for the middle of the day.

7 year warranty.

Powertrain to 10 years, no mileage limit. Servicing included for 3.

DESIGN

Sculpted by nature.

Dongfeng calls the grille the Storm Torrent and the headlamps the Eye of the Hurricane: full LED, daylight white at 5000 K, and lighting the road 180 metres ahead. One light bar runs the full width of the tail. Nineteen inch alloys, a power tailgate and concealed twin exhausts are standard.

Vehicle shown is the Dongfeng Huge in white.

A wide-angle, high-quality photograph of the interior of a Dongfeng Huge car, showing the front and rear seats, dashboard, and steering wheel. The car has a modern, minimalist design with a large central screen and a wide dashboard. The interior is finished with dark leather and features ambient lighting. The text "INSIDE" is visible in the lower-left corner.

INSIDE

A cabin that wraps around you.

Eighty two percent of the surfaces you touch are soft, 8.84 square metres of them, in Nappa textured trim. The dashboard flows in one line from door to door, the air vent runs right through it, and seven colours of ambient light sit behind it all. A 12.3 inch centre screen and a 7 inch driver display carry the information.

Interior of the Dongfeng Huge. Left-hand drive shown.

INSIDE

Seats built for long Sundays.

The driver's seat adjusts six ways electrically, is ventilated for Jamaican afternoons, and has lumbar support. The passenger seat adjusts four ways and adds a leg rest.

Dongfeng widened the door armrests to fit an elbow properly and raised the centre armrest to meet them, which is the kind of detail you only notice on a two hour drive. In the back, a 60:40 split bench reclines, with a centre armrest and cup holders.

THREE NUMBERS THAT MATTER

305

newton metres
from a 1.5 litre turbo

6.99

litres per 100 km
combined, manufacturer's figure

2,825

mm wheelbase
class leading, says Dongfeng

Fuel consumption is the manufacturer's combined WLTC figure. Real driving varies with load, traffic and how you drive.

SPACE

Big space is the whole point.

The Huge is 4,720 mm long and 1,910 mm wide, on a 2,825 mm wheelbase. Wheelbase is what decides rear legroom, and Dongfeng says this one leads its class. Five seats, and a rear sofa with room to stretch.

Fold the rear seats and the load space grows to 1,606 litres. The 52 litre tank, at 6.99 litres per 100 km, is a theoretical 740 km between fills.

LIGHT AND QUIET

A roof you can see through,
in a cabin you can hear yourself in.

A 1.17 square metre panoramic roof covers both rows, the largest among the cars Dongfeng benchmarks it against, with a heat insulated sunblind for when the sun is straight overhead.

The cabin is engineered to 36 decibels of noise reduction. Wind, road and engine are tuned out, so a conversation at highway speed is a conversation, not a shout.

THE POWERTRAIN

A small engine, and a big one at the same time.

01 Mach Power 1.5T. Dongfeng's C15TDR was named one of China's ten best engines in 2020. It makes 150 kW at 5,200 rpm and holds 305 Nm from 2,000 to 4,000 rpm, the band you actually drive in.

02 Seven speed wet dual clutch. The 7DCT300, a gearbox that has collected its own awards, shifts quickly and quietly and sends the power to the front wheels.

03 Three modes, eight power levels. Sport, Eco and Normal, plus eight steps of power in between, chosen on the screen. Eco keeps the fuel bill down in Kingston traffic; Sport is for the Junction road.

BUILT TO LAST

A steel fortress, in Dongfeng's words.

The A pillars, B pillars and door beams are made of 2,000 MPa hot formed steel, developed with Baosteel and applied here across the largest area in its class. The body is laser welded, at 3.6 times the strength of spot welding.

74 percent

of the body structure is high strength steel, more than the joint venture cars Dongfeng benchmarks.

20,000 N/mm

of bending stiffness, and 19,000 N/mm of torsional stiffness, so the body stays square over rough roads.

15 functions

in the latest ZF stability control: ABS, brake force distribution, hill start, hill descent and more.

YOUR WARRANTY AND YOUR PARTS

The Bert's promise.

A warranty is only worth the company standing behind it. Ours has been on this island since 1988.

7

years or 300,000 km
vehicle warranty

10

years
powertrain warranty

3

years scheduled
servicing included

Parts, answered up front.

Bert's Auto Parts has supplied Jamaica since 1988 and carries roughly 120,000 lines. Dongfeng parts are stocked here, not ordered once your car is already off the road.

Serviced where you bought it.

Scheduled servicing for the first three years is included. The work is done by our own technicians, and every repair is recorded against your vehicle.

The extended cover is for the first owner, in private use, with every scheduled service done on time at Bert's Service Centre with genuine parts. Full conditions are in the warranty agreement supplied with the vehicle.

TECHNOLOGY

Two screens, 22 sensors, and a camera that sees under the car.

- 01 12.3 inch centre screen.** Map, media and settings on one display, with a 7 inch digital driver display behind the wheel. Wireless phone charging at 15 W, with a reminder if you leave the phone behind.
- 02 Level 2 driver assistance.** Adaptive cruise that stops and goes in traffic, forward collision warning, lane departure warning, lane keeping and lane centering, and traffic jam assist. Eleven functions from 22 sensors.
- 03 540 degree camera.** Four cameras give a view all round the car, plus a transparent chassis view of the ground beneath it for kerbs, potholes and tight gaps.

COLOURS

Four ways to have it. Three land first.

BLACK

WHITE

BLUE

GREY

Black, white, blue and grey are all available to order. Interior is black. Images are for reference. Final colour availability is confirmed when your order is placed.

SPECIFICATIONS

Huge E2.

Engine	Mach Power 1.5 litre turbo, 4 cylinders
Power	150 kW at 5,200 rpm
Torque	305 Nm, 2,000 to 4,000 rpm
