THE COMPANY BEHIND THE CAR

Say hello to Dongfeng.

You may not know the name yet. Most of the world does. Dongfeng has built vehicles since 1969, employs around 127,000 people, and sits at number 188 on the Fortune Global 500, where it has appeared for more than twenty years running.

Close to 60 million Dongfeng vehicles have been built and sold, in more than 100 countries.

Dongfeng is new to Jamaica. Bert's is not.

Bert's has supplied this island with parts since 1988, roughly 120,000 of them. The first question anyone asks about an unfamiliar badge is whether they will get parts. That one is already answered.

Cabin shown in cream. Ours are black inside, and the titanium grey car is apricot brown.

HIGHLIGHTS

The X700 Max, in eight lines.

518 kW and 940 Nm.
A 1.5 litre turbo petrol engine and two electric motors working together: 704 horsepower.

0 to 100 km/h in 4.93 seconds.
The manufacturer's figure, in a five seat SUV of 2,650 kg.

228 km on electricity alone.
On the WLTC test cycle, from a 51.5 kWh battery. After that it carries on as a hybrid on petrol.

Electric four-wheel drive.
A motor on each axle: 190 kW at the front and 215 kW at the rear.

18 minutes on a fast charger.
From 20 to 80 percent on a DC fast charger, the manufacturer's figure.

6 kW of power out.
Run tools, lights or a campsite from the car's battery.

Built for rough roads.
228 mm of ground clearance, 700 mm wading depth, and a 100 percent climb.

6 year warranty.
200,000 km. Powertrain and battery to 10 years. Servicing included for 3.

THE POWERTRAIN

Electric for the week.
Petrol for the distance.

The X700 Max pairs a 1.5 litre turbo petrol engine with two electric motors and a 51.5 kWh battery you charge from a plug. It is rated at 228 km on electricity alone on the WLTC test cycle, so most weeks can be electric. On a long trip it carries on as a hybrid on petrol, with no charger needed on the way, for 1,036 km in all.

228 km

on electricity alone, on the WLTC test cycle (285 km on China's CLTC). Real driving varies.

1,036 km

of combined range on the WLTC test cycle, battery and the 55 litre tank together.

940 Nm

of combined torque, and 518 kW of combined power from the engine and both motors.

0 to 100 km/h

51.5

kWh battery

CATL cells, liquid cooled

18

minutes

20 to 80 percent on DC

The manufacturer's figures for the X700 Max. The battery capacity is 51.46 kWh, rounded.

SIZE AND GROUND

Five metres of SUV, made for rough roads.

The X700 is 5,035 mm long, 1,999 mm wide and 1,910 mm tall, on a 2,920 mm wheelbase, with five seats and an 850 litre boot. It turns in a 5.85 metre radius.

Off the road it has 228 mm of ground clearance, a 30 degree approach angle and a 31 degree departure angle, wades through 700 mm of water and climbs a 100 percent grade.

Vehicle shown in green.

INSIDE

Room for five.

A five seat cabin with an 850 litre boot. Our cars are black inside, and the titanium grey car is apricot brown.

Cabin shown in cream. Equipment shown may differ from the car you order.

YOUR WARRANTY AND YOUR PARTS

The Bert's promise.

A warranty is only worth the company standing behind it. Ours has been on this island since 1988.

6 years or 200,000 km vehicle warranty

10 years powertrain and battery warranty

3 years scheduled servicing included

A parts house behind you.

Bert's Auto Parts has supplied Jamaica since 1988 and carries roughly 120,000 lines. When your car needs a part, you come back to the company that sold it to you.

Serviced where you bought it.

Scheduled servicing for the first three years is included. Our technicians are trained on the high voltage system, and every visit is recorded against your car.

The extended cover is for the first owner, in private use, with every scheduled service done on time at Bert's Service Centre with genuine parts. Full conditions are in the warranty agreement supplied with the vehicle.
