THE COMPANY BEHIND THE CAR

Say hello to Dongfeng.

You may not know the name yet. Most of the world does. Dongfeng has built vehicles since 1969, employs around 127,000 people, and sits at number 188 on the Fortune Global 500, where it has appeared for more than twenty years running.

Close to 60 million Dongfeng vehicles have been built and sold, in more than 100 countries.

Dongfeng is new to Jamaica. Bert's is not.

Bert's has supplied this island with parts since 1988, roughly 120,000 of them. The first question anyone asks about an unfamiliar badge is whether they will get parts. That one is already answered.

Vehicle shown is the Dongfeng Shine GS.

HIGHLIGHTS

The whole car, in eight lines.

1,109 litres of boot.

474 with the seats up, 1,109 with them folded.

193 mm of ground clearance.

For roads that are not perfect.

Reverse camera and rear parking radar.

Guide lines on the screen as you back up.

A 1.08 m² panoramic sunroof.

The largest in its class.

6.33 litres per 100 km.

About J\$1,612 of fuel every 100 km.

A 13 inch screen.

It mirrors your phone, in every car.

6 speed dual clutch automatic.

Wet clutches, made for stop and go traffic.

7 year warranty.

Powertrain to 10 years, no mileage limit. Servicing included for 3.

DESIGN

It does not look
like the cheap option.

A parametric grille cut into a borderless frame. The headlamp signature Dongfeng calls the Eye of the Storm. Seventeen inch alloys, real roof rails, and a line that runs the length of the car. None of it costs extra.

Vehicle shown is the Dongfeng Shine GS in black.

INSIDE

A cabin that takes
itself seriously.

Interior of the Dongfeng Shine GS. Left-hand drive shown.

INSIDE

Seats built in one piece.

The cushion, the backrest and the headrest are a single integrated design, so support runs unbroken from your shoulders to your legs. Dongfeng calls them sensory seats. What you notice is that hour three feels like hour one.

The steering wheel is a compact D shape. Contrast stitching runs the edges. The air vents are machined, not moulded.

Interior of the Dongfeng Shine GS. Trim shown may vary by grade.

THREE NUMBERS THAT MATTER

6.33

litres per 100 km
combined, WLTC

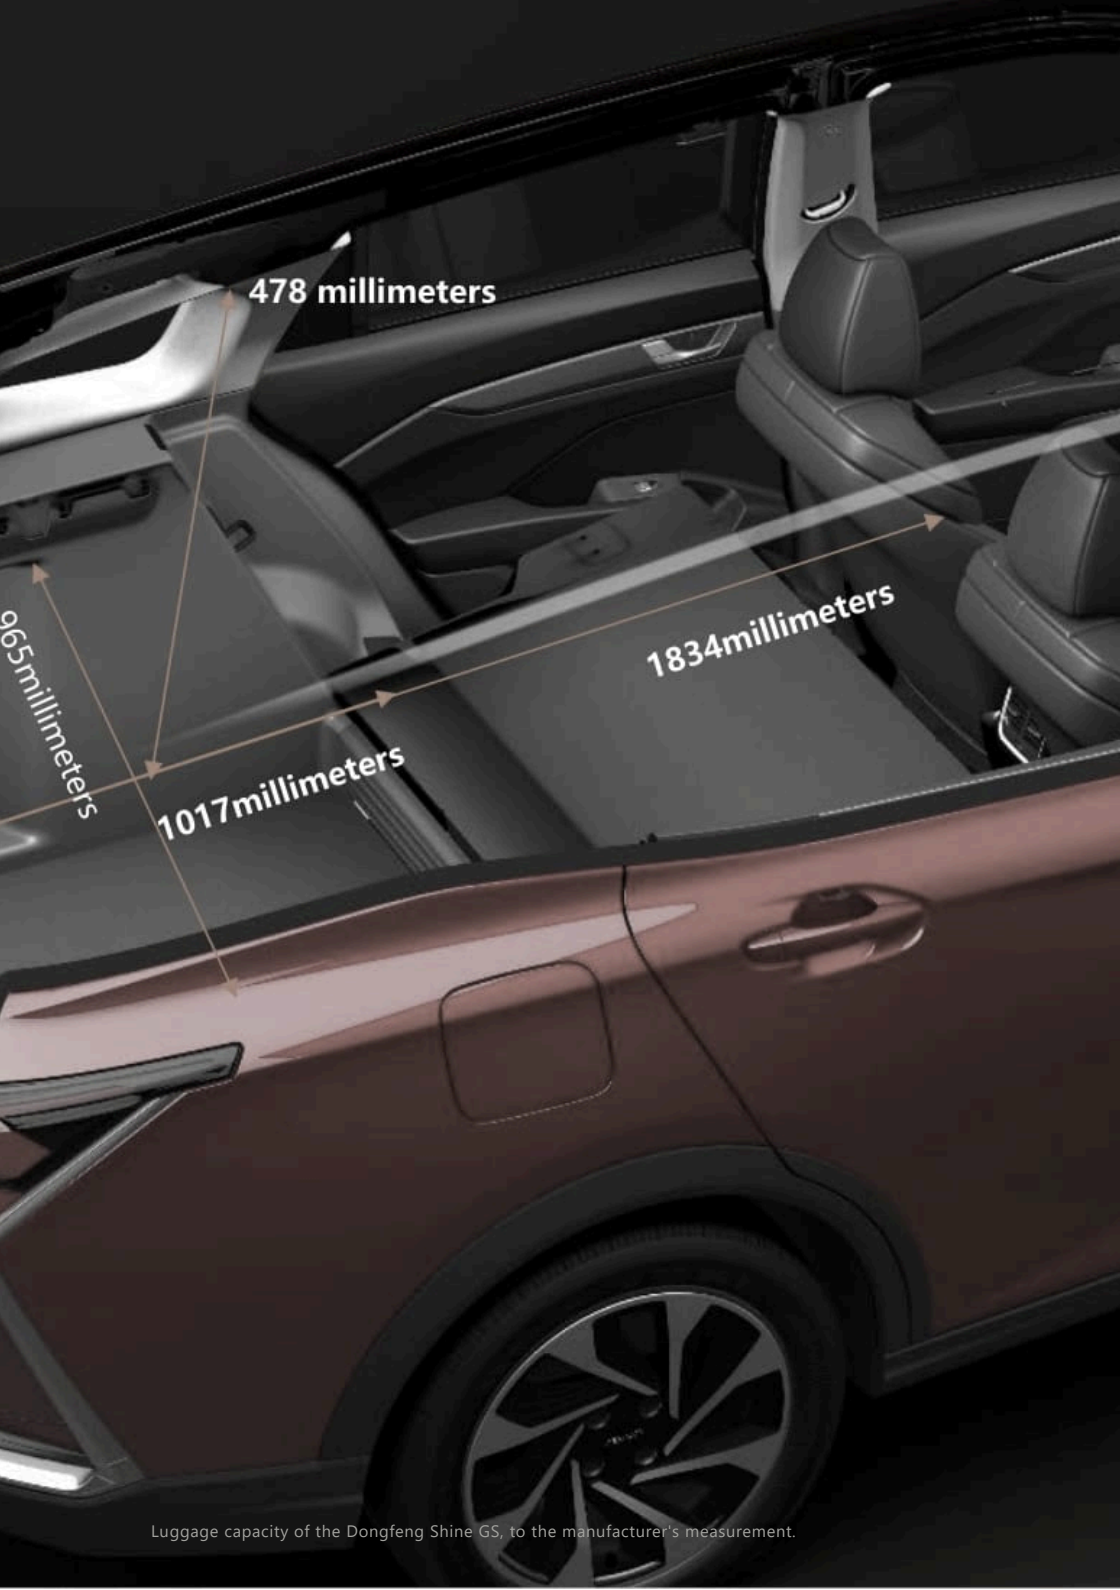

1,109

litres of boot
rear seats folded

193

mm ground clearance
raised for Jamaican roads

Fuel consumption is the manufacturer's combined WLTC figure. Real driving varies with load, traffic and how you drive.

SPACE

Room for the week, not just the weekend.

474 litres with all five seats up. Fold the rear bench, which splits four to six rather than straight down the middle, and you have 1,109 litres with a load floor 1,834 mm long.

The rear sill sits 658 mm off the ground, so heavy things go in without being lifted. The wheelbase is 2,680 mm, which is what actually decides rear legroom.

LIGHT

1.08 m² of sky.

A panoramic sunroof on every car in the range. Tempered grey glass blocks ultraviolet, so the light comes in without the heat and without the damage.

0.79 m² of it transmits light. 0.45 m² of it opens.

In a country this bright, a roof you can see through is not a gimmick. It is the difference between a cabin that feels small and one that does not.

PARKING

It helps you back up.

01 Reverse camera. It comes on by itself when you select reverse, with guide lines on the 13 inch screen that bend as you turn the wheel.

02 Rear parking radar. Sensors in the rear bumper sound faster the closer you get to something behind you.

BUILT TO LAST

The bones came from Europe.

The Shine GS is built on the fifth generation CMP platform developed by Peugeot and Citroen. More than 10 million cars worldwide sit on it.

82%

of the body is high strength steel, some thermoformed to 1,500 MPa. This class typically runs 40 to 70 percent.

90,000 km

of durability testing before sale, plus 120,000 km simulating real owners.

3 months

of testing in extreme heat, at altitude, and in extreme cold.

YOUR WARRANTY AND YOUR PARTS

The Bert's promise.

A warranty is only worth the company standing behind it. Ours has been on this island since 1988.

7

years or 300,000 km
vehicle warranty

10

years
powertrain warranty

3

years scheduled
servicing included

Parts, answered up front.

Bert's Auto Parts has supplied Jamaica since 1988 and carries roughly 120,000 lines. Dongfeng parts are stocked here, not ordered once your car is already off the road.

Serviced where you bought it.

Scheduled servicing for the first three years is included. The work is done by our own technicians, and every repair is recorded against your vehicle.

The extended cover is for the first owner, in private use, with every scheduled service done on time at Bert's Service Centre with genuine parts. Full conditions are in the warranty agreement supplied with the vehicle.

FOR YOUR TEAM

Putting your staff in a new car.

For a company buying at volume, the Shine GS is the sensible end of the range. It is the cheapest car we sell to run, and the warranty lasts seven years, which is longer than most businesses keep a staff vehicle.

Ten or more vehicles moves you onto fleet terms. Tell us the number before you order.

FUEL, EVERY 100 KM

J\$1,612

At 6.33 L/100 km and the E10-90 pump price of J\$254.68 a litre, 7 September 2026.

We deliver in tranches so your operation is never short of drivers on handover day, and we handle the bank paperwork for each member of staff individually.

Your point of contact is a person, not a form.

Bert Tomlinson Jr, Dealer Principal, at Bert's Automotive.

COLOURS

Three ways to have it.

WHITE

BLACK

GREY

Interior is black on all three. Images are for reference. Final colour availability is confirmed when your order is placed.
