THE COMPANY BEHIND THE CAR

Say hello to Dongfeng.

You may not know the name yet. Most of the world does. Dongfeng has built vehicles since 1969, employs around 127,000 people, and sits at number 188 on the Fortune Global 500, where it has appeared for more than twenty years running.

Close to 60 million Dongfeng vehicles have been built and sold, in more than 100 countries.

Dongfeng is new to Jamaica. Bert's is not.

Bert's has supplied this island with parts since 1988, roughly 120,000 of them. The first question anyone asks about an unfamiliar badge is whether they will get parts. That one is already answered.

Vehicle shown is the Dongfeng eπ007 in white.

HIGHLIGHTS

The whole car, in eight lines.

400 kW and 640 Nm, all wheel drive.

Two motors. Zero to 100 km/h in 3.9 seconds.

0.209 drag coefficient.

The slipperiest shape among the cars Dongfeng benchmarks it against. Every hundredth is 5 km of range.

A 15.6 inch screen and 19 speakers.

WANOS surround sound, with two speakers in the driver's headrest.

Right-hand drive, white and grey cabin.

The interior only the all wheel drive car gets.

540 km on a charge.

Dongfeng's CLTC figure, from a 70.26 kWh lithium iron phosphate battery.

26 minutes, 30 to 80 percent.

On a DC fast charger. 14.9 kWh per 100 km when you drive it.

Frameless doors, powered liftback, glass roof.

1.82 square metres of it, double coated against the heat.

7 year warranty.

Powertrain and battery to 10 years, no mileage limit. Servicing included for 3.

DESIGN

Shaped by the wind tunnel.

At 4,880 mm long and 1,460 mm tall the proportions are those of an executive saloon, and the drag coefficient of 0.209 is the lowest of the cars Dongfeng measures it against. The doors have no window frames, the handles sit flush and present themselves when you approach, and a lattice of LEDs runs the full width of the tail. Nineteen inch alloys are standard.

A wide-angle, high-angle shot of the interior of a Dongfeng eπ007. The car is white and grey, with white leather seats and a white steering wheel. The dashboard features a large central screen displaying a car's status and a smaller screen on the right. The car is parked on a light-colored surface, and the background shows a clear sky.

INSIDE

White leather,
and the wheel on the right.

Our cars come with the white and grey cabin Dongfeng reserves for the all wheel drive model: silicone leather that Dongfeng rates baby safe, wipes clean and does not yellow. A 15.6 inch centre screen on a Qualcomm 8155 chip, an 8.8 inch driver display, and 64 colours of ambient light that can move with the music.

Interior of the Dongfeng eπ007 in white and grey, right-hand drive, the trim on our cars.

THE SEATS

Heated, cooled, and they remember you.

The front seats are leather, heated and ventilated. The driver's seat adjusts six ways electrically, remembers two positions, and slides back to let you out. The passenger seat adjusts four ways.

The cabin purifies its own air and can sterilise itself with heat while you are away from the car. The glovebox is heated and cooled from the air conditioning, which is either a gimmick or the best place for a chocolate bar in Jamaica, depending on the day.

THREE NUMBERS THAT MATTER

3.9

seconds to 100 km/h
dual motor, all wheel drive

540

km on a charge
Dongfeng's CLTC figure

0.209

drag coefficient
the lowest of the cars Dongfeng benchmarks it against

Range is Dongfeng's figure on the CLTC test cycle. With the air conditioning on and highway speeds, plan on roughly 70 to 80 percent of it, about 380 to 430 km, which covers Kingston to Montego Bay and back on one charge.

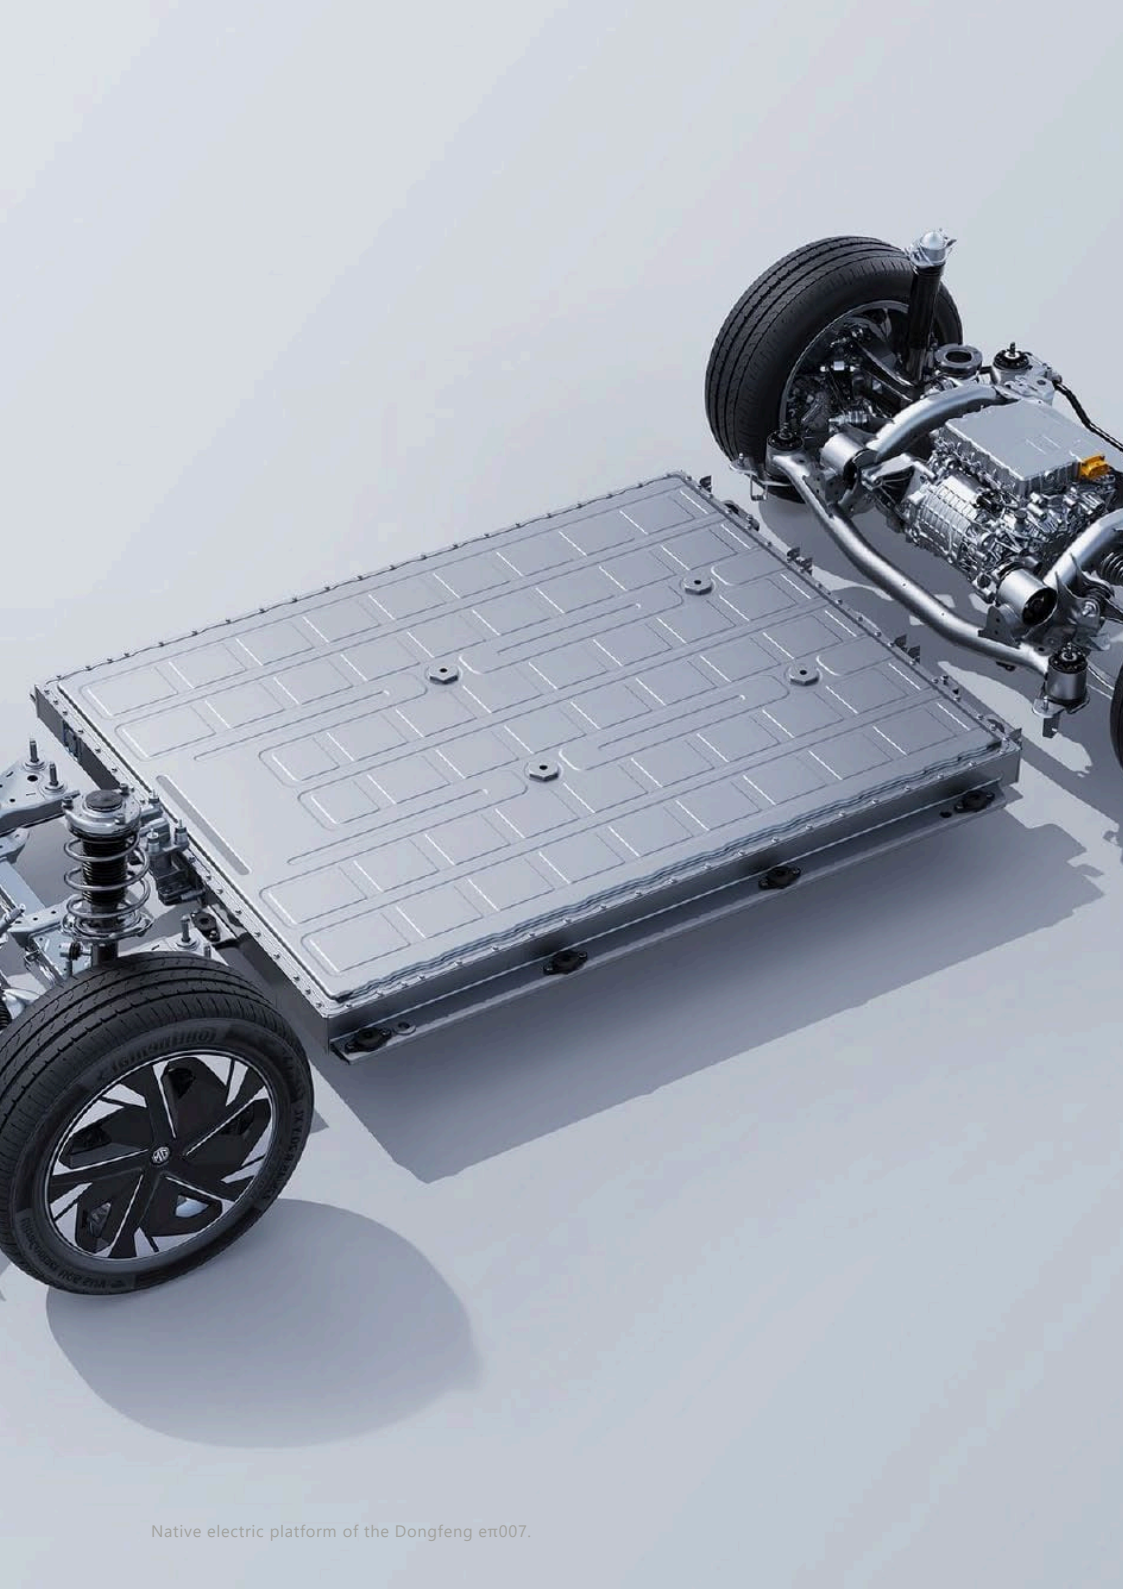

SPACE

A saloon that opens like a hatchback.

The whole rear window lifts with the boot lid, electrically, which is rare in this class and makes the difference between a suitcase going in and a suitcase going in the back seat. The opening is over a metre wide.

Inside, a 2,915 mm wheelbase gives the back seat the legroom of a much larger car, and the glass roof runs over both rows. Wireless charging at 50 W keeps the phone full up front.

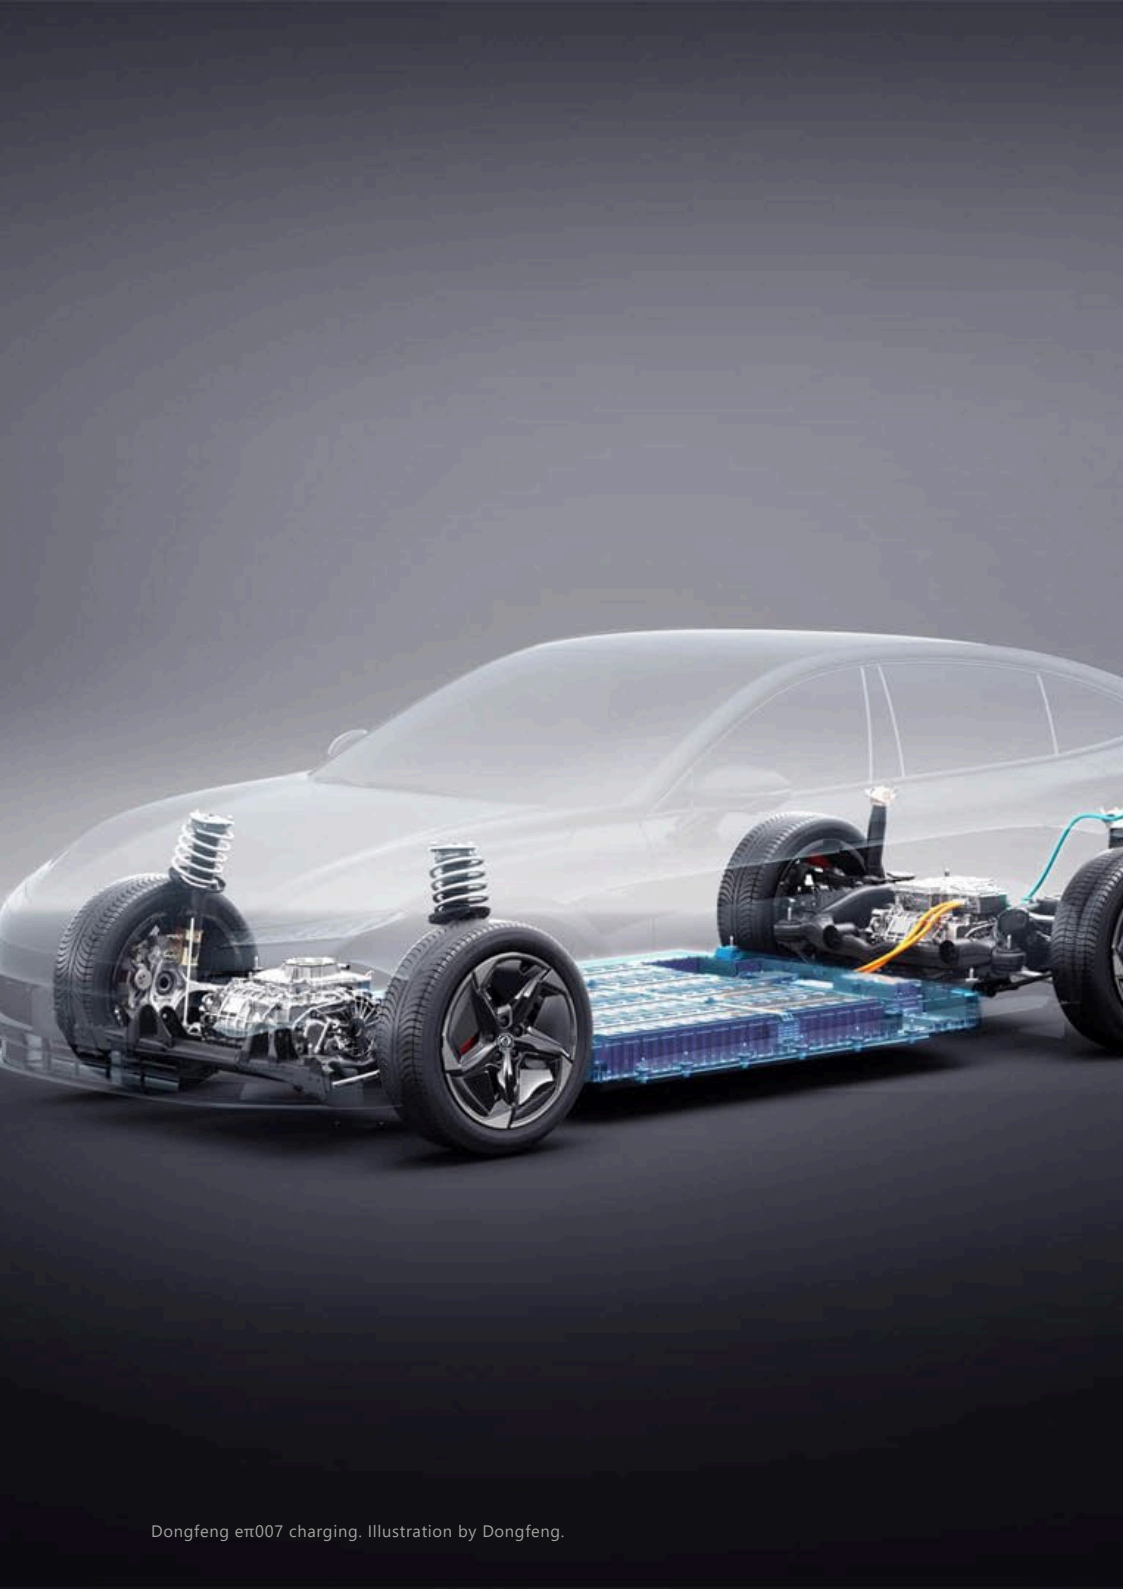

THE PLATFORM

Built electric from the ground up.

The battery sits flat in the floor, so the centre of gravity is low and the weight is split 50:50 between the axles. The rear suspension is a five link independent design, tuned, Dongfeng says, on ten years of racing.

Two motors drive all four wheels, 400 kW and 640 Nm between them. It holds 0.9 g in a corner and reaches 100 km/h in 3.9 seconds, and does both without drama.

CHARGING AND RANGE

Half an hour
for 270 km.

The 70.26 kWh lithium iron phosphate battery fast charges from 30 to 80 percent in 26 minutes on a DC charger, and its heat pump thermal management keeps it in its comfortable range whatever the weather is doing outside.

At 14.9 kWh per 100 km it is frugal for a car this quick. Vehicle to load runs appliances from the battery when you need it to.

BUILT TO LAST

Five stars, and a battery that outlives the loan.

Dongfeng's battery pack passes a 10 mm nail penetration test, has a frame more than three times stronger than the Chinese standard requires, and monitors itself for thermal runaway full time. The body is 75 percent high strength steel with a 1,500 MPa hot formed door ring around the cabin.

3,500 cycles

of battery life, 40 percent more than the rival cell Dongfeng tested it against, with constant temperature control.

Five stars

in C-NCAP crash testing. An aluminium sill beam cuts side pole intrusion by 28.7 percent.

94.5 percent

peak efficiency of the electric drive, certified by China's automotive research centre with an Energy Efficiency Star.

YOUR WARRANTY AND YOUR PARTS

The Bert's promise.

A warranty is only worth the company standing behind it. Ours has been on this island since 1988.

7

years or 300,000 km
vehicle warranty

10

years
powertrain warranty

10

years
battery warranty

3

years scheduled
servicing included

Parts, answered up front.

Bert's Auto Parts has supplied Jamaica since 1988 and carries roughly 120,000 lines. Dongfeng parts are stocked here, not ordered once your car is already off the road.

Charged and serviced where you bought it.

Scheduled servicing for the first three years is included. Our technicians are trained on the high voltage system, and every visit is recorded against your vehicle.

The extended cover is for the first owner, in private use, with every scheduled service done on time at Bert's Service Centre with genuine parts. Full conditions are in the warranty agreement supplied with the vehicle.

TECHNOLOGY

A 15.6 inch screen, 19 speakers, and a car that watches every side.

- 01 15.6 inch centre screen.** On a Qualcomm Snapdragon 8155, with an 8.8 inch driver display, CarPlay, 50 W wireless charging, and WANOS surround sound through 19 speakers including two in the driver's headrest.
- 02 Level 2 driver assistance.** Adaptive cruise that stops and goes, traffic jam and highway assist, lane keeping and centering, emergency braking for cars and pedestrians, blind spot detection, lane change and door opening warnings.
- 03 540 degree camera.** A view all round the car and a see through view of the road beneath it, plus rear cross traffic alert that brakes for you when reversing out blind.

COLOURS

Four colours. White is here now.

WHITE

BLACK

PURPLE

GOLDEN

White, black, purple and golden are all available to order. Interior is white and grey. Images are for reference. Final colour availability is confirmed when your order is placed.

SPECIFICATIONS

еп007 540 E2, all wheel drive.

Motors	Front and rear, permanent magnet
Power	400 kW combined
Torque	640 Nm combined
0 to 100 km/h	3.9 s
Battery	70.26 kWh lithium iron phosphate
Range	540 km CLTC
Consumption	14.9 kWh per 100 km
Charging	DC 30 to 80 percent in 26 min

Drive	All wheel drive · right-hand drive
Suspension	MacPherson front, five link rear
Length, width, height	4,880 x 1,895 x 1,460 mm
Wheelbase	2,915 mm
Drag coefficient	0.209
Tyres	235/45 R19
Screens	15.6 inch centre, 8.8 inch driver display
Seats	5, leather, front heated and ventilated

Vehicle warranty up to 7 years or 300,000 km · Powertrain and battery up to 10 years, no mileage limit · Scheduled servicing included for 3 years · Conditions apply

Figures are the manufacturer's for this grade and are subject to the actual product. Final specification is confirmed on your order.

Drive it. Then decide.

Everything on these pages is easier to judge from the driver's seat. Book a test drive, and if it is simpler we will bring the car to you.
