VERSION

The Captain V is Dongfeng's compact petrol van, built for hard daily work. It comes in three sizes, from 2.3 to 3 tonnes gross, as a two-seat panel van with 5.3 to 7.58 cubic metres of cargo space or as a passenger van with up to 11, 14 or 18 seats. A 5-speed manual, leaf-spring rear and hydraulic brakes keep it simple, and Dongfeng's specification table lists it with left or right-hand drive.

01

Left or right-hand drive

Dongfeng's official specification table lists the Captain V with left or right-hand drive; no right-hand-drive market has been named yet.

02

Three sizes

4,865 mm or 5,265 mm long, with gross weights of 2.3, 2.5 or 3 tonnes.

03

Cargo or passengers

A two-seat panel van with 5.3, 6.5 or 7.58 cubic metres of cargo space, or a passenger van with up to 11, 14 or 18 seats.

04

Petrol or CNG

Petrol engines, with factory CNG versions on the 2.3 t and 2.5 t models.

05

Safety basics

ABS with EBD as standard, stability control with Euro VI engines, and airbags.

06

Simple and durable

A 5-speed manual, hydraulic brakes, leaf-spring rear suspension and a rear axle rated at 1.7 to 2 tonnes.
